Blood clots are a serious health crisis, especially in the Black community, where risks and outcomes are disproportionately more severe. Empower yourself with life-saving information!

- Learn the signs and symptoms of blood clots.
- Understand the risk factors, such as pregnancy, and how to prevent blood clots.
- Hear from members of the Black community who experienced blood clots.
- Participate in a Q&A session with experts.
- Enjoy free health screenings, refreshments, raffle prizes, and more!
